

The Alaska Section, AWRA is excited to announce the 2023 Annual Conference!

Submit your abstract today! <https://www.ak-awra.org/ameetings/2023am/index.shtml>.

Conference will be half-day in the afternoon March 6<sup>th</sup> and full days March 7-8<sup>th</sup>.

AWRA's mission is to advance multidisciplinary water resources education, management, and research. Our annual conference is an opportunity for collaboration among physical, biological, and social scientists, engineers, and other professionals concerned with water resource research, planning, development, management, and education.

This will be a hybrid conference; presentations will be available for streaming, but all speakers must be present in-person. We highly encourage all who can to attend in-person.

#### **Proposed Topics Include:**

- Climate Change and Water Resources
- Coastal Hydrology/Processes
- Geospatial Data and Modeling/Hydrography
- Glacial Processes/Cryosphere Hydrology
- Habitat – Fish, Wildlife, & Aquatic Species (stream restoration, protection, fish passage)
- Hazards (floods, landslides)
- Hydropower (including hydrokinetic)
- Tribal Water Resources
- Water Management (surface water, groundwater, navigability, regulations)
- Water Quality and Drinking Water/Wastewater
- Water Resources Education/Communication, Social Impacts
- Weather and Water Extremes (typhoons, atmospheric rivers, droughts, etc.)
- Other Related Topics

**Presentations:** 15 min with 5 min for questions.

**Poster Session:** Tuesday, March 7<sup>th</sup> from 3-5pm. Please sign up via the abstract submission page ([Submit your abstract today!](#)).

**Rapid Talks:** There will be a category of short presentations on each day of the meeting. These are envisioned to be up to 5 minutes, 0-2 slides, and on topics of interest to our membership that aren't conducive to a full-length presentation. Please sign up via the Google Forms abstract submission page ([Submit your abstract today!](#)). You may also sign up to give a rapid talk while at the conference if space is available.

**Conference Website:** . <https://ak-awra.org/ameetings/2023am/>

**Registration Link:** <https://ak-awra.org/ameetings/2023am/registration.html>. See Early Bird pricing below

**Registration Early Bird Deadline:** February 24, 2023

**Student Travel Grant:** Student travel grant funding is available for students presenting a poster or full talk. Please contact [awra.alaska@gmail.com](mailto:awra.alaska@gmail.com) for details and to be considered for a student travel grant.
